THE UNIVERSITY

About VIT-AP

VIT-AP University is a leading institution committed to excellence in education, research, innovation and industry collaboration. As part of the VIT group of institutions, it provides a dynamic academic environment that encourages students to learn, innovate, and develop solutions to real-world challenges. Programmes run across engineering, technology, sciences, business, law, humanities and biosciences, with a strong focus on research, entrepreneurship and industry exposure.

THE QUANTUM FESTIVAL

Welcome to V-TAPP 2026

VIT-AP University's annual technical fest is back with a bang. V-TAPP 2026 brings together innovation, technology, knowledge, creativity and diversity under one roof. It is a platform for students to learn, compete, build and showcase their technical skills, and an experiential journey through the limitless possibilities of engineering and technology. With thousands of students, innovators, startups and technology enthusiasts coming together, it is set to become **one of the biggest student technology confluences in the region.**

OUR HIGHLIGHTS

20K+

The highest footfall of any campus festival in Andhra Pradesh, across the two days.

Asia's Largest Academic Block

The Mahatma Gandhi Block, where most of V-TAPP runs. No satellite venue, so every event is minutes apart on foot.
